Conference Program

Best Practices in
Fertilizer Industry

26th

AFA Int'l.
Fertilizer Technology
Conference & Exhibition

June 24th - 26th, 2013:

Tunis

In cooperation and sponsorship:

DAY 1: Monday June 24th, 2013

08: 30

Registration

10:00

Opening Ceremony

Welcome address:

- Dr. Shafik Ashkar, AFA Secretary General

Opening Speech:

- Mr. Tahar Khouaja, Chairman & Chief Executive Officer
CPG – GCT – TIFERT - Tunisia
- Mr. Khalifa Yahamed, AFA Vice-Chairman
Chairman, LIFECO - Libya
- Mr. Hedhili Kefi, President, GRANUPHOS - Tunisia

11:00

Networking Coffee break

11:30

Session I

Chairperson:

Mouldi Nesiri, Groupe Chimique Tunisien - Tunisia

- 1- Phosphogypsum Net Zero – The Best Practice:
Time for a Consistent Industry-wide Response to the
Management and Uses of Phosphogypsum

Julian Hilton, Chairman Aleff Group - UK

2- DuPont-MECS Introduction Clean Technologies Solutions

Wim Kint, Business Development Director

MECS DuPont -

- France

3- Metallic Evaporator in Sanicro28 for 54% Phosphoric Acid

Khaled Elkayar, Sandvik Materials Technology- Sweden

Vincent Perrot, Thermal Department Manager,

ACM Company

- France

4- Uranium and Rare Earth Elements from phosphate rocks to recovery: The GCT experience.

Noureddine Abbes, Research Director:

Gabes Research Center

- Tunisia

5- SIAPE / GCT Process Development in New Projects

Amine Fourati, Phosphoric Acid Process Licensor: GCT

Ramzi Hmidi, Deputy Production Manager, TIFERT, Tunisia

14:00

Networking Lunch

17:00

Sidi Bou Said Excursion Visit

10- Indirect Heat Exchanger Technology for Cooling Fertilizers

Nicholas Sutherland, Technical Sales Manager

Solex Thermal Science Inc.,

- Canada

11:30

Networking Coffee break

12:00

Session III

Chairperson: Eng. Ibrahim AlRawashdeh,

General Manager

Indo- Jordan Chemicals Co.

- Jordan

11- Bio Fertilizers for Food Production – The South American Experience

Heinz Huyer, Intertrade Group Fertilizers

- Brasil

12- ThyssenKrupp technologies for phosphate ore processing

Sébastien FIX - ThyssenKrupp Polysius

- France

13- IJC Approach for Safety & Health Leadership

Abdel Wahab Al-Rowwad, Deputy Plant Head-IJC

- Jordan

14- Feasibility Study of Siliceous Phosphate From GAFSA Basin.

Leila Abbassi, Head of Transformation Service

Compagnie des Phosphate de GAFSA

- Tunisia

15- Sfax city southern coast reclamation drawn on the Taparura project acquired know-how

Mohamed Gouider, CEO - Company of the Development Studies of the Northern Coasts of the City of Sfax

(TAPARURA Project) - Sfax

- Tunisia

16- Discover the potential of your ammonia plant

Yawar Abbas Naqvi - Haldor Topsoe

- Denmark

14:00

Networking Lunch

20:00

GALA DINNER at Golden Tulip

19:30 Bus Departure

DAY 3: Wednesday, June 26th, 2013

09:30 Session IV

Chairperson: Dr. Julian Hilton, Chairman – Aleff Group - UK

17- Application of ALSTOM's Chilled Ammonia Process in the Fertilizer Industry

Peter Arnold, Director Sales ALSTOM Carbon Capture GmbH
- Germany

18- Application of high efficiency filters and coalescers for Ammonia and Nitric Acid production performance increase

Emmanuelle BIADI, EMEA* Fuels & Chemicals Market
Sales Manager PALL Corporation - France

19- POLYMERISING COATINGS

Duncan Andrews, Business Manager, Europe and North Africa-
Lake International Technologies - UK

20- AUMUND Technology for Fertilizer

Christoph Scholz, AUMUND Foerdertechnik GmbH, - Germany

21- GCT Quality Control Activity

Mouldi Nessiri, CEO Advisor in Charge of quality
Hassene Chkir – Scientific Research Manager GCT - Tunisia

11hr: 30

Networking Coffee break

12:00

Session V

Chairperson:

Lotfi Akermi , CPG - Tunisia

22- Project Summary Of Reducing Greenhouse Gas N2o-
Nitric Acid Unit-Annaba

Lourici Abdelghani, Technical Director FERTIAL - Algeria

23- CFD Simulation Study on SO2 Scrubber

Rudolf Schick, Vice President Spraying Systems Company
- USA

24- Green Technology from Brazil Fertilizer Chemicals

Avdhesh Mathur- President & CEO NAQ GLOBAL - Brazil

25- Valorization of the Coarse Washing Process Tailings Plants

Karim Khila, Compagnie des Phosphate de GAFSA -Tunisia

26- Valorization of Phosphogypsum in Briks for Building

Lassaad Ajam, PhD Ceramic, Materials:
Technology Institute Rades

Nafaa Reguigui, PhD Nuclear Science: CNSTN - Tunisia

13:45

Closing Remarks

14:00

Networking Lunch
